Calculate Stat

Calculate Stat

Stat Start Date: 01/05/2022

Stat End Date: 31/05/2022

Calculate

Select the start date and finish date

- A weekly Stat would be from Monday to Sunday (your weekly might be Wednesday to Tuesday or 4,4,5 period reporting.)

- A weekly stat would require a Sunday stock count (Monday Open Stock)

- And a subsequent or next Sunday stock count

- The absence of a stock count at either end will not generate full reporting (common mistake.)

- A full monthly stat run is from 1st to last day of the month.

- Once again stock counts must be at both ends.

- Important to note: An End of Month count must be entered against the last day of the month not the first day of the new month (common mistake made.)
