

Only a One
Page on Item
or Yield
Report?

Refresh Your Stock take in Abcom

Did you upload the stock take from your device?

Are you only seeing one page on these reports when there should be many?

Solution:

- Go to the Inventory Man Menu, Stock take Entry an open the Full Stock take for the date you are working on.
- Now Edit save and then close, run the Sat for the required sates and your full reports should be now display.
